

EURO-CHOLANGIO-NET COST Action CA18122

CALL FOR APPLICATIONS

VIRTUAL TRAINEES to Participate in the Clinical Training School
"Multidisciplinary Management of Cholangiocarcinoma"
Humanitas University
23-24 September 2021

About the training school:

EURO-CHOLANGIO-NET (European Cholangiocarcinoma Network) is actively seeking trainees interested in virtually attending our training school "Multidisciplinary Management of Cholangiocarcinoma" to be held **virtually on 23-24 September, 2021**. Learning objectives of this training school include:

- ❖ Identifying challenges in the multidisciplinary management of CCA and interaction with different clinical specialties;
- ❖ Learning about the suitability of novel CCA treatments, main indications, and possible complications;
- ❖ Critically reviewing current clinical guidelines;
- ❖ Identifying key open issues for cholangiocarcinoma clinical research;
- ❖ Learning how to advance the understanding of cholangiocarcinoma to translate basic research and preclinical findings into clinical practice.

What we are looking for:

We are seeking trainees interested in virtually attending our training school and actively participating in our Action. **Applicants must be engaged in an official Residency Program, or research programme as a PhD student or postdoctoral fellow or can be employed by, or affiliated to, an institution, organisation, or legal entity which has within its remit a clear association with performing research.**

How to apply:

Interested candidates can apply by submitting a one-page motivation letter expressing their interest to melissa.kerr@uniroma1.it. Please also include your institution, country, level of instruction, and area of specialization. Application deadline is September 1, 2021.

Training school
MULTIDISCIPLINARY MANAGEMENT OF CHOLANGIOCARCINOMA
(September 23rd and 24th 2021)

School coordinators: Ana Lleo, Matteo Donadon and Lorenza Rimassa

****Please note all times are in CET**

- 09:00 Introduction to the school - Ana Lleo, Matteo Donadon and Lorenza Rimassa
09:15 Introduction to COST as a platform to support training - Vincenzo Cardinale, Jesus Bañales

DAY 1-SESSION 1: General overview

Moderators: Massimo Roncalli, Massimo Colombo

- 09:30 Recap on epidemiology of cholangiocarcinoma - *Claudio La Vecchia, Department of Epidemiology, IRCCS-Istituto di Ricerche Farmacologiche Mario Negri, Milan*
10.00 Classification of cholangiocarcinoma: anatomical, histomorphological or molecular? - *Luigi Terracciano, Humanitas University, Pieve Emanuele (Milan)*
10.30 Q&A
10.45 **COFFEE BREAK**
11.00 Diagnosis of cholangiocarcinoma: Role of modern liver imaging – *Andrea Laghi, University of Rome “Sapienza”, Rome*
11.30 Applying AI in cholangiocarcinoma – *Jakob Nikolas Kather, Aachen, Germany*
12.00 Q&A
Patients’ perspective
12.45 AMMF, The Cholangiocarcinoma Charity - *Helen Morement*
13.00 APiC, Associazione Pazienti Italiani Colangiocarcinoma – *Paolo Leonardi*
13.15 Cholangiocarcinoma Foundation - *Stacie Lindsey*
Q&A

13:30 **LUNCH BREAK**

DAY 1 – SESSION 2: Interventional procedures (1) educational videos

Moderators: Alessandro Repici, Alessio Aghemo

- 14.15 Endoscopy: videos on ERCP, Spyglass and stenting – *Alessandro Repici, Humanitas University*
14.30 Radiology: videos on PTC and stenting – *Dario Poretti, Humanitas Pio X*
14.45 Management of complications of biliary drainage – *Ana Lleo, Humanitas University*
15.30 Discussion and Q&A (30 mins): Biliary drainage: When and how?
16.00 Multidisciplinary tumor board (simulation of 1-2 cases)
17.00 Adjourn

DAY2 – SESSION 1: Treatment Options

Moderator: *Lorenza Rimassa, Guido Torzilli*

- 09:30 Surfing on international guidelines: Lights and shadows – *Juan Valle, University of Manchester, Manchester, UK.*
- 10:00 Molecular oncology for targeted therapy – *Arndt Vogel, Hannover Medical School, Hannover, Germany.*
- 10.30 Systemic therapy: adjuvant and metastatic setting – *Lorenza Rimassa, Humanitas Cancer Center, Humanitas University*
- 11.00 Q&A
- 11.15 **COFFEE BREAK**
- 11.30 Surgery for cholangiocarcinoma – *Matteo Donadon, Hepatobiliary and General Surgery, Department of Surgery, Humanitas University*
- 12.00 Liver transplantation for cholangiocarcinoma – *Vincenzo Mazzaferro, HPB Surgery, Hepatology and Liver Transplantation, Istituto Nazionale Tumori di Milano, Milan*
- 12.30 Q&A

13:00 **LUNCH BREAK**

DAY 2 – SESSION 2: Interventional procedures (2) educational videos

Moderators: *Luigi Solbiati, Matteo Donadon*

- 14:00 Role of locoregional therapy: Radiotherapy - *Marta Scorsetti, Humanitas University*
- 14.15 Role of locoregional therapy percutaneous ablation - *Luigi Solbiati, Humanitas University*
- 14:30 Discussion and Q&A
- 15:00 Development of the multidisciplinary lab on translational research in cholangiocarcinoma – *Ana Lleo, Matteo Donadon*
- 15.30 Multidisciplinary tumor board (simulation of 1-2 cases)
- 17.00 **Round Table with Scientific Associations and Reference Networks: an opportunity for collaboration**
- European Association for the Study of the Liver (EASL) - *Maria Reig*
 - European Reference Network for Rare Liver Diseases (Rare-Liver) - *Henning Wege*
 - European Reference Network for all rare adult solid cancers (EURACAN) - *Heinz-Josef Klumpen*
 - International Cholangiocarcinoma Research Network (ICRN) - *Maeve Lowery*
 - European Network for the Study of Cholangiocarcinoma (ENS-CCA) - *Vincenzo Cardinale*
- 17:30 Closing remarks with launching short-term fellowship for young researchers – The Faculty
